

Fellow Apollo 14 Commemoration Volunteers,

Here is a letter that I received yesterday from Bobbie Frank thanking us for honoring her late husband and Apollo 14 Lead Flight Director Pete Frank. I included the photo of Milton Windler presenting the Apollo 14 Commemoration Plaque to her. If this letter does not make you proud of what we do for the community then I do not know what will.

Happy Rocketeering!

Dave Kovar

Re: Apollo 40th Anniversary Commemoration

Dear Mr. Kovar:

A few weeks ago Milton Windler came to see me to tell me about speaking at your event and gave me the beautiful plaque honoring my husband, Pete. His lifetime interest in flying, space and engineering came together in the Apollo program in which he felt fortunate to be involved. It was so very thoughtful of you to send me this wonderful token of appreciation and remembrance. My two children and I were very proud of his involvement in the Apollo program and were thrilled to receive this commemoration plaque. Pete would have been so pleased to be remembered by such an organization as yours encouraging young people to continue exploring. Many thanks to all who made this possible.

Sincerely,

A handwritten signature in cursive script that reads "Bobbie Frank". The signature is written in dark ink on a light-colored background.

Bobbie Frank
