The NASA manned Space Programs reached into the 21st century and captured a decade to do what was, in fact, impossible to do in the 20th. This is your chance to meet two of the celebrated pioneers of that era.

All proceeds from the ticket sales will be donated to a favorite charity on behalf of Gene Kranz, and to the Astronaut Scholarship foundation on behalf of Charlie Duke. The Fellowship of Las Cruces Area Rocketry Enthusiasts (FLARE) is a non-profit corporation registered in the State of New Mexico. [Http://FLARE-Rocketry.com](http://FLARE-Rocketry.com)
